***Allowable Subject Matter***

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach nor does any combination thereof fairly suggest a support assembly for a hammock comprising a base unit including a tubular member extending upwardly from said base body and defining a shaft-receiving bore therein; and a canvas-mounting unit including a shaft that is mounted rotatably in said shaft-receiving bore in said tubular member, and that has an upper end protruding upwardly and outwardly from said shaft-receiving bore, and a holding seat fixed to said upper end of said shaft for co-rotation therewith. The combination of elements as set forth in the claims is not shown by the prior art, and in particular the features as set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
